 This authorization lasts for one year after the date you sign it unless you enter a different date or expiration here:// This authorization may be canceled in writing at any time. A cancellation will not change releases that happen before the cancellation. The Allina Health Notice of Privacy Practice describes how to cancel (revoke) this authorization. Allina Health will not restrict my treatment if I choose not to sign this authorization. A photocopy/fax of this authorization will be treated in the same way as an original. Allina Health records may include records that it received from other organizations. If these records have been used by Allina Health and filed in the record Allina Health maintains about you, these records may be released with your Allina Health records. Allina Health cannot prevent redisclosure of your information by the person or organization who receives your records under this authorization, and that information may not be covered by state and federal privacy protections after it is released. By signing this authorization, you release Allina Health from any and all liability resulting from a redisclosure by the recipient. Federal Rule 42 CFR part 2 prohibits unauthorized disclosure of Substance Use Program Records Your signature indicates that you have read and understand this form, and authorize release of your information as described above.

Directions for Completion of Form

<u>Patient Information:</u> Complete the entire section which identifies clearly and legibly all of the demographic information specific to the patient (individual about whom information is being requested)

Release My Medical Records From: Check the first box if you would like your records released from an Allina Health facility/provider. Check the second box if you are requesting your records be released from a non-Allina Health facility/provider. When checking the Allina Health option, please specify the specific Allina Health location you are seeking information from. Please be specific in your request. For example, United Hospital, St. Paul, MN; Buffalo Hospital, Buffalo, MN; Allina Medical Clinic Shoreview, Shoreview, MN. If you do not identify a specific hospital or clinic (e.g. Allina Health), records may be provided from ALL Allina Health hospitals or clinics where you have received care. Please see allinahealth.org/medical records for a listing of Allina Health hospital and clinic locations and addresses.

<u>Send My Medical Records To</u>: Identify the full name/business, address, phone and contact information with the name of the individual who is to receive the information. Please allow 7-10 days for all requests to be processed and sent to the recipient.

Purpose For Release: Please identify why you need a copy of your record. This helps us to track and assign a priority status to your request. It also informs us who may be responsible for the cost of records (where appropriate).

Information to Be Released: This section gives us the instructions for what information you want released. If you select "Clinic Record Set" or "Hospital Record Set", we will disclose the pertinent documents that are specific to that type of patient care visit. This is typically what doctors' offices, hospitals or other health care providers need to provide information related to your care. If you select "any and all" records, your entire record will be provided for a specific visit date or all dates. It is very helpful if you identify the date or range of dates, needed by the requestor. Please note record types listed in the Special Disclosure Permissions section must be checked in order for them to be released.

Release Method: This tells us how you would like your information delivered. If you wish to view information prior to selection of documents, please identify this on the authorization form and we will contact you to set up a viewing appointment. Please note that viewing appointments are done at the Allina Health Corporate Office in Minneapolis. If you wish information about you to be shared verbally or for an authorization to be on file for others to have access to your medical information, please write this in this section (example: form on file for access by my husband upon his specific request). Please note: there are size limitations when emailing records.

Duration of the authorization, revocation and other information you need to know: This authorization will automatically expire in 12 months **unless** you include a different date. You may indicate the authorization is valid "5 years", "10 years", but there needs to be an ending date (do **not** use terms such as "lifetime" or "forever"). The authorization can be revoked by your written direction to our organization.
